Dear Marilyn:

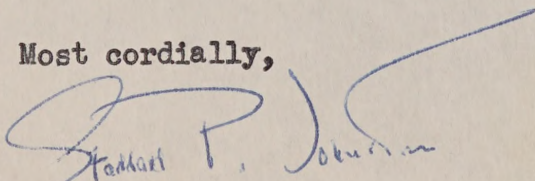

Pursuant to your letter of October 24th, WYBC is most willing to cooperate in your efforts to secure interviews with the cast of TEXAS, LI'L DARLIN'.

However, two difficulties immediately present themselves. First, our wire recorder is for all intents and purposes out of order, while our tape is still on order and has not arrived to date. The only recording we are now doing is on wax. That we have.

Second, TEXAS, LI'L DARLIN' is showing this week, not next, as you state in your letter. It is at the Shubert now.

Perhaps this knowledge changes your plans. If not, and you want to, and can get the cast to cooperate, our personnel will help by handling all the technical details involved in making such a recording at our studios.

Most cordially,

Dear Sir:

In answer to your letter of October 24th, 1949,
it is most willing to cooperate in your efforts
to secure interviews with the cast of "THE
LILLABURTS".

However, two difficulties immediately present
themselves. First, our wire number is for a
private and unlisted number, while our
line is still on order and has not arrived to date.
The only recording we are now doing is on wax.
That we have.

Second, "THE LILLABURTS" is showing this week
not next, as you state in your letter. It is at
the Capitol now.

For want of the knowledge of your plans. If not,
and you want to, and can get the cast to cooperate,
our personnel will help by handling all the technical
details involved in making such a recording at any
location.

Sincerely,

out cordially,

Very truly,

J. Edgar Hoover
